Vantage Medical Group is pleased to announce that California Specialty Pharmacy has been selected as a preferred specialty pharmacy provider to support the specialty and infusion medication needs of Vantage Medical Group patients.

California Specialty Pharmacy is a leading full-service specialty pharmacy that provides quality drugs and services to patients with specialty medication needs. We anticipate that our new partnership with California Specialty Pharmacy will deliver improved service and greater convenience to our patients and providers and help Vantage Medical Group in ensuring the effective and appropriate use of these medications.

Moving specialty medications to California Specialty Pharmacy will help us ensure our patients taking specialty medications to get the support they need. California Specialty Pharmacy focuses exclusively on supporting patients on specialty medications with personalized care, 24/7 access to clinical experts, patient education, fill reminders, free home delivery, and more.

Collaborating with Vantage Medical Group, California Specialty Pharmacy team is excited about the opportunity to serve all of your specialty pharmacy needs.

Effective January 1, 2019, all NEW specialty drug prescriptions will be fulfilled by the California Specialty Pharmacy. This change will apply only to the new orders and will NOT affect the current members who are already using specialty medications.

Beginning, April 1, 2019, all specialty pharmacy needs will be managed by the California Specialty Pharmacy. Transitioning members to California Specialty Pharmacy will be carefully orchestrated by Vantage Medical Group and California Specialty Pharmacy to ensure patient care and treatment are not interrupted. Our priority is to ensure that the patients taking specialty medications have a smooth transition.

A valid prescription must be submitted with your prior authorization request. Implementation of this simple step will expedite authorization processes and meet appointment demands and increase your patient satisfaction.
